

## How to Redeem up to \$100 in Free Merchandise from Vendio and AliExpress

Alibaba.com and Vendio have paired up to give you up to \$100 worth of free merchandise that can be ordered directly from AliExpress. This enables merchants to buy “sample” items of products that they may wish to source and is a great way to test out AliExpress.

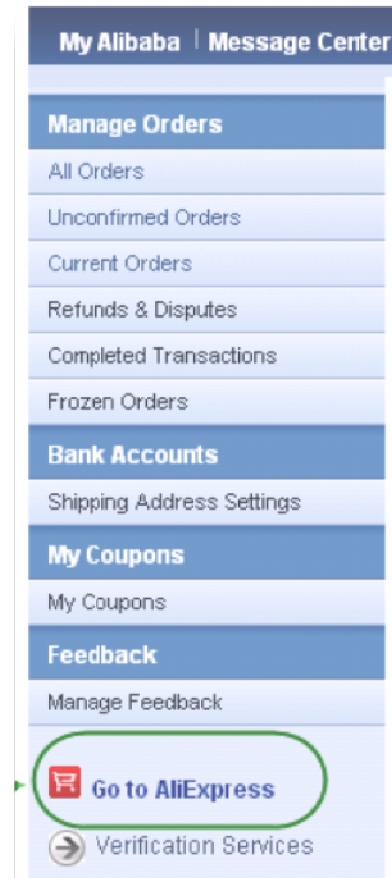

You can only get this offer by going to a special landing page and entering a Vendio coupon code. Once you do so, you’ll receive five coupons worth \$20 each. Each coupon is valid for any order more than \$20 (no maximum). An order can consist of multiple items. The only catch is that you can’t use all five coupons at once, but you can place five separate, successive orders.

### To redeem your coupons:

<p>1. Log into your Vendio Account, or sign up for Vendio by clicking on the <b>Get Started</b> button.</p> <p>*Please note – This offer is available to new Vendio account and applies to any Vendio account, even those with a FREE store or any other free Vendio product.</p>
